The Hamlin City Council passed a resolution Tuesday night at the regular Council meeting announcing the intention of the Council to pass an ordinance authorizing the issuance of interest bearing time warrants in the amount of \$101,000 to provide money for several planned projects within the City. The ordinance will be passed by the Council on August 2, 1963.

The money will be for the supervision, labor, material and supplies for sewer lift stations and force mains, for the construction of improvements of the City's waterworks and sanitary sewer system, for fire hydrants, for

constructing street improvements, and for engineering fees.

The warrants will bear interest rate not exceeding five per cent and the maximum maturity date to be not later than December 31, 1968. Mayor John V. Howard Jr. said Wednesday that the warrants will be issued only as they are

needed and they will not draw interest until that time.

In other action the Council voted to annex a half mile strip on the West side of Hamlin at the request of the majority of the property owners within the area. The land runs from West Lake Drive south to the Royston Farm to Market Road.

The Council accepted the low bid of Anderson Construction Company for the construction of a new pump station and pumps to be built in Stamford and the construction of a booster station at Tuxedo.

These installations were needed in order for the City to meet the demands on its water system and to replace the existing worn-out pumps now located at Stamford.

A breakdown on the projects and the amount of money designed for each to be covered by the warrants are as follows:

For the construction of improvements and extensions of the City's Waterworks System, not to exceed \$1,000. This is for the purpose of supply water lines to the new developments in the city.

For the construction and improvements and extensions to the City's Sewer System, including sewer lift station and force mains, not to exceed \$30,000. This includes the construction of two sewer lift stations, one in the South East part of town and the other in the South West part.

For providing fire hydrants in the City, not to exceed \$1,000.

For constructing street improvements in the City, not to exceed \$45,000. The Mayor pointed out that the amount of this money used will depend on the amount of paying done by the city's property owners since this money will be used to meet the city's share of the cost.

For engineering fees, not to exceed \$10,000. This is to cover the engineering costs for the above projects.

NEINDA PHILOSOPHER PUT OUT BY WASHINGTON OFFICIAL WHO FINDS FARMERS' HANDSHAKES ARE FLABBY

Editor's note — the Neinda Philosopher on his Johnson grass farm on Routh one seems a little miffed this week, but he'll get over it.

Dear editor: While it never has bothered me, some farmers I've been reading about are worried over the public image they present to the rest of the country.

As I understand it, some city people think farmers are getting rich because the price of food at the grocery store is so high, and some farmers think they ought to hire a public relations outfit to correct this and tell the true story.

Well, I've never had much trouble along this line myself, don't ever recall having a city man come out here to this Johnson grass farm asking for a loan, not even a newspaper man, but there is one image of the farmer some people have that ought to be corrected.

According to an article I ran across in a newspaper last night, Interior Secretary Udall toured a farm area a while back and reported later he was shocked by the flabby handshakes of farmers.

This is what I'm talking about. Us farmers are still considered by some to be horny-handed sons of toil who're getting soft if we don't shake hands like a grizzly bear, whereas actually of course we're scientists producing food so fast that if the space scientists were up on our level the missile gap between Russia and the U. S. would be reversed. In fact, if our space scientists were as far advanced ahead of Russia as our agricultural scientists, we'd have already been to the moon twice and raised out debt ceiling four times to pay for it.

Now a farmer shakes hands ain't no index to the compli-

cated farm planning going on inside his head, and a farmer sitting on his front porch in deep thought can be constructive as an Einstein doing the same thing.

This is the image the public ought to have of us farmers—

dedicated, underpaid scientists, and I have pioneered in trying to bring it about. I've done my part. I've been sitting on my front porch for years.

Yours faithfully,
J. A.

Music Appreciation

I am not a musician, but as I write this I think back and realize how my taste in music has changed. Early in life, it took only the simplest childhood jingles to please me, then in school I was trained and taught to appreciate more intricate music. All through life I feel that my knowledge of ... and appreciation for music has grown and matured.

Through study and help from others, I have also grown as a Christian and have a better appreciation of my Lord.

My knowledge of, and love for God increases with each church worship service ... This way of life and worship, I would recommend to anyone. Won't you try it ... Start by attending church this Sunday.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

The weather resistant redwood eliminates that dank "fishy" odor and insures long filter life. "Sta Fresh" filters are constructed with strong coarse mesh outside to keep filter from clogging and provide minimum air resistance while the fine mesh inside eliminates insects and keeps wood fibres from protruding into cooler. "Sta Fresh" filters are exclusive with Paramount Coolers.

Internal Revenue Says the Sale of Farm is Taxable

The sale of a farm is taxable, says Arthur E. Fogle, Jr., Administrative Officer at the Abilene office of Internal Revenue. Mr. Fogle points out

that farmers must pay tax on any gain on the sale of their farm or other capital items, even though they may turn around and use the money to buy another farm or similar item.

In a letter to County Agricultural Agents, the District Director of Internal Revenue in Dallas asked the County Agents to help IRS correct the erroneous thinking. The tax man advised farmers to check the tax consequences before they sell, trade, or swap.

Kirby Clayton, local County agent, has pointed out that farmers can get a good general idea of taxes owed by reading the farmers tax guide furnished free by the Internal Revenue Service.

STATE CAPITAL
Highlights
AND Sidelights
by Vern Sanford
TEXAS PRESS ASSOCIATION

AUSTIN, Tex.—A growing toll of accidents on city streets and freeways, heavier damage claims and an act of the Legislature... all have combined to cause insured motorists in Texas a double-dip premium during the next five months.

First boost for most drivers will come on policies renewed after August 1, when new auto insurance rates set by the State Board of Insurance go into effect.

Many others face a second increase in liability insurance premiums after January 1. This is effective date of a new law requiring financial responsibility of \$10,000 per person and \$20,000 per per accident.

Present law requires \$5,000 \$10,000. So those now carrying minimum insurance will pay an average of \$4 more after January 1.

Increasing accident losses, mainly in urban areas, forced the Insurance Board to hike liability and collision rates in most sections of the state.

Average premium boosts after August 1 will be 5.2% for bodily injury 9.7% for property damage and 8.4% for collision. This will cost policyholders a total of \$12,000,000. Drivers in some rural areas, however, escaped the rate increase.

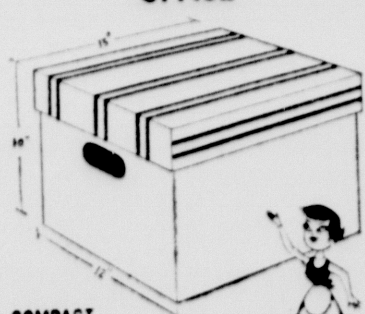

PHYSICAL EDUCATION—Atty. Gen. Waggoner Carr has been asked to come to the aid of hard-pressed physical education departments in the 20 state-supported universities and colleges.

Commission on Higher Education asked Carr for an opinion on the legality of the "rider" in the new appropriation bill, which goes into effect on September 1. Rider declares that state funds for physical education can be used only for mass calisthenics unless the students are majoring in PE. Net effect would be special fees by the schools if they wanted to give instruction in games.

Some schools have protested that the rider would seriously curtail physical education programs.

ing improper lobbying activities by Texas Employment Commission members and four employees was dismissed in 53rd District Court at Austin.

Suit filed last February, claimed TEC pushed 11 photo employer bills in the Legislature. Judge Herman Jones said the union failed to prove its case.

Union said it would appeal the decision.

COTTON—Texas cotton farmers planted 670,000 fewer acres this year than in 1962, U. S. Department of Agriculture reports.

Decline amounted to 9.7%, which is more than the national decrease of 9.0% Reduction, made in compliance with the federal control program, would mean a cut of about 476,000 bales in the state's cotton production of yield-per-acre is the same as last year.

POLL TAXES—Folks who are past 60 and living in towns with 10,000 or more population should get their poll tax exemptions on October 1 or as soon as possible thereafter.

Exemptions for those over 60 are free under the old law, which will be in effect at least until November 9. That's the date for the vote on repeal of the poll tax as a voting requirement.

If Texans vote FOR the repeal, those over 60 who live in towns above 10,000 population then will have to pay a 25-cent registration fee. Ditto for all voters under 60.

Those past 60 who live in rural areas or in towns under 10,000 population will not be affected by the changes. They

can vote without paying under both the old and the new law. The attorney general informed tax assessor-collectors that they must accept the \$1.75 poll tax payments, starting on October 1, from those who insist on paying rather than waiting to see if the change will be cut to 25 cents by the November 9 vote.

DISTRICT ATTORNEY—Governor Connally has appointed Calvin (Pete) Burnett of Crane to replace Dan Sullivan as district attorney of Andrews, Crane and Winkler Counties.

Wayland Neeper Is Reassigned

LACKLAND AFB, Tex.—Airman Wayland E. Neeper, son of Mr. and Mrs. Basel E. Neeper of Rt. 1, Sweetwater, Tex., is being reassigned to Ft. Monmouth, N. J., for technical training as a United States Air Force photographer.

Airman Neeper, who enlisted a short time ago, has completed his initial basic training here.

The airman graduated from Newman High School, Sweetwater, in 1959, and attended the University of Houston (Tex.). He is married to the former Nancy Carter of Rt. 3, Hamlin. They have one child Cynthia Janell born July 12.

Sue Cave Named Fisher County Dress Winner

Sue Cave was first place winner at the annual Fisher County 4-H Dress Revue which was held Wednesday, July 10, in the Roby High School Auditorium. Twenty-four girls modeled garments made in recent clothing workshops for an assembly of about 70 members, mothers and guests.

Miss Cave will model her garment in the District III 4-H Revue in Vernon August 2.

Judges were Mrs. Mary Y. Newberry, Jones County H. D. Agent, and Mrs. Agnes Marrs, Kent County H. D. Agent.

Free, White and 21 Coming Sunday

In a unique motion picture theatre device, audiences seeing American International's provocative "Free, White and 21" will serve as a jury and be polled and asked to vote "Guilty" or "Not Guilty" just before the end of the film's big trial sequence.

Their verdict will be tallied and compared with the actual result of the rape trial which is predicted in "Free, White and 21", opening Sunday at the Drive In Theatre. Starring in the explosive film are Frederick O'Neal and Annalena Lund.

With audiences restricted to adults, every person entering the theatre at the beginning of "Free, White and 21" will be handed a "subpoena" outlining their instructions and containing a tear-off ballot so that their verdict may be registered.

The film will be interrupted immediately after the judge charges the jury so that the audience "jury" can cast a ballot of either "guilty" or "not guilty."

The actual verdict in the film's trial will then be screened so that the audience verdict can be compared with it.

AND WE DO THIS TO OURSELVES

No war crippled this man—nor thousands more injured day after day in traffic accidents. For this highway butchery, only we ourselves are to blame. We disregard laws made to protect us. Nearly every accident grows out of some violation. And casualties mount! They will lessen only with your help. So drive with care. Obey the law. Insist that others do likewise. Where traffic laws are strictly obeyed, accidents go down!

Support your local Safety Council

WE MUST FACE THESE FACTS

Last year, traffic accidents injured 1,400,000—disabled them beyond the day of the accident. Millions more suffered the pain and misery of "minor" injuries. 150,000 were children, 5 to 14.

Last year, traffic accidents killed nearly 38,000! 2,500 were children of grammar school age. And this year an INCREASE in deaths is threatened!

How long must this go on? YOU—the men and women behind the wheel—can answer this. Because YOU are the No. 1 cause!

Published in an effort to save lives, in cooperation with the National Safety Council and The Advertising Council.

CONTESTANTS—Luke and Paul Reynolds, sons of Mr. and Mrs. Rex D. Reynolds; Gayla Beckman, daughter of Mr. and Mrs. Don Beckman; second row, Mark and Bobby Westmoreland, sons of Mr. and Mrs. Bob Westmoreland; Derrell Weatherman, son of Mr. and Mrs. Nate Weatherman.

MR., MRS. CLARENCE BAILEY HOST FIRST FAMILY REUNION

The home of Mr. and Mrs. Clarence C. Bailey, 318 North-west Ave. A, was the scene of the couple's first family reunion as their four sons and three daughters all returned here July 6 and 7.

Also here for the special occasion were eight of their grandchildren, three great grandchildren, two of Mrs. Bailey's sisters, one niece, two nephews, one great niece and one great nephew. There were 36 present.

The group included Mr. and Mrs. Harry O'Rourke of Chi-

cago, Ill., Mr. and Mrs. M. G. Torbett of San Diego, Calif., Mr. and Mrs. Clay C. Bailey and three children of Orange, Calif., Mr. and Mrs. Bill Fomby and son, Mr. and Mrs. Ray Bailey and two children, all of Odessa, and Mr. and Mrs. Ralph Bailey and son of Hamlin.

Also Mr. and Mrs. Don Eliff and their three children of Tulsa; Mr. and Mrs. Roy Maltby of Fort Worth; Mr. and Mrs. James O. Cox of Elsinore, Calif.

Mr. and Mrs. Bailey, pioneer residents of Hamlin, were married March 25, 1917. She was the former Leuna Davidson. Mr. Bailey came to Hamlin in 1906 and she came here about 1909. He is owner of Bailey's Department Store here.

THE HAMLIN HERALD

JULY 18, 1963

FAIRVIEW NEWS

By MRS. ELMER JOINER

About an inch of rain fell over the area Saturday night, making it just a nice cotton rain. All are hoping that it quits on that, for July rains make insects, and insects are something we don't need.

The Fairview church house and grounds has a spick and span look, as of this Monday morning. Plans were changed from Tuesday to Monday morning, and enough were there to get most of the work done. The yards were all mowed, shredded, hoed, or anything

to get the vegetation down, the building thoroughly cleaned inside, all in preparation for our coming revival, which begins August 9. Besides the cleaning, the men put tin all around the bottom of the house to keep any more varmints taking up winter abode in the house.

Mr. and Mrs. Flavel Holmes, Mr. and Mrs. Jack Wright, Mrs. T. T. Brady, Mr. and Mrs. Wayne Hodnett, Kay and Billy, all attended the wedding of Flora Ann Ratliff, in the

University Baptist Church in Abilene, Saturday night.

Mr. and Mrs. Mel Jones, Mr. and Mrs. Elmer Joiner, Mr. and Mrs. Winslow Gray and Buster, Mr. and Mrs. Doyal Bills and Jana, all attended the ball game in Hamlin, Saturday night, between the Hamlin girls soft ball team and a colored girls team from Snyder.

Mr. and Mrs. Gary Cooper, who recently moved to the Rose house, have moved back to Hamlin.

Mr. and Mrs. O. D. Roland, Hamlin, were Friday visitors of Mr. and Mrs. Fred Rosenbaum. Other visitors of the Rosenbaums over last week, were Mr. and Mrs. Billy Downey, John, Robert and Glen, Reseda, Calif. Mr. Downey is a nephew of Mrs. Rosenbaum, and son of Otis Downey, former Hamlin resident, now living in California.

Arriving from Grants Pass, Oregon, Sunday afternoon, were Mr. Rosenbaum's niece, Mrs. W. A. Reese, her son, Gerald Reese, and his daughter.

Mrs. Elmer Joiner and Mrs. Sol Branscum attended the monthly H. D. Council meeting in Anson, Wednesday afternoon.

Mr. and Mrs. Doyal Bills and Jana left in the early hours of Sunday morning for their home in Houston, after spending their vacation with her parents, Mr. and Mrs. Finson Gray Sunday includ-

tives at different points on the Plains.

Mr. and Mrs. Jack Wright and Melinda went last Wednesday to Fort Worth, where they toured Texas under Six Flags, Thursday. Little Keenan stayed with Grandmother Holmes while they were gone and went to midweek church services.

Guests of Mr. and Mrs. Winslow Gray Sunday included his sister, Mr. and Mrs. Charlie Pyron, their son, Mr. and Mrs. Clovis Pyron.

Mrs. Georgia Thornton, Stamford, was a guest Thursday afternoon of Mr. and Mrs. E. A. Henry.

Mrs. Sharlot Gabriel, Teresa, Lynn, and Linda Goodwin, all went to Abilene Monday on business and visiting.

Mr. and Mrs. Buck Joiner, Jerry and Susan were guests of his parents Sunday. Mrs. Joiner and children had been at her parents, Mr. and Mrs. C. E. Durham all week. Buck came for her over the week end to return home to Odessa.

Mr. and Mrs. Henry's granddaughter, Mr. and Mrs. Mack Sansing and baby, spent the night again Saturday night with them, enroute home to Austin, after being on vacation.

We failed to learn last week that Connie Drake and sisters, Della and Maude, went to Eastland the Sunday before, to attend the Drake reunion.

The Drake family reports lots of company last week. Those visiting different days through the week were: Mr. and Mrs. Audrey Bush, Texas City, Mrs. Viola Woodruff, Vivian, Texas, Mr. and Mrs. Gil Walker, Rising Star, and Mr. and Mrs. J. S. Scott, Albany, and Mrs. Eula Gallehon, of Whittier, Calif.

Jimmy Jeffries, a resident of Lubbock, was a visitor in church Sunday morning, coming as a guest of Penny Ford. The Riddle family went to

Buffalo Gap Sunday to attend the Riddle reunion.

Kay McCoy returned home with the Buck Joiners, Sunday afternoon, to spend the week with her cousin, Suzanne McCoy, of Midland.

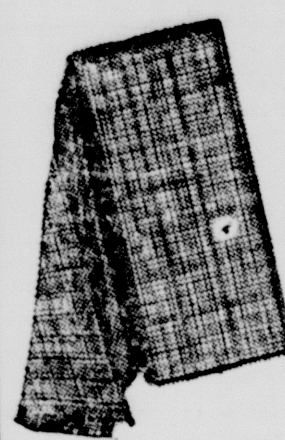

We wish to remind all who read this again of our coming revival, August 9 through the 18, and invite you to attend. Our pastor, Rev. Kenneth Leverett, will do the preaching, since it has always been the custom of our church for the pastor to hold the revival,

his first year as pastor. Rev. Leverett is very concerned with his work and if he hasn't visited with those in our community, hopes to do so in the near future.

Mr. G. W. Wainscott was brought home from the convalescent home in Stamford, Friday night to spend some time. Today, Monday, is his 93rd birthday and we are sure he will enjoy spending it at home with his children that are able to be there.

With one away, Howard Faught walked, went to third on Red Ashley's single to right and scored when Pearce right fielder Carroll Forrester let the ball get through him.

Ashley went all the way to third on the play and scored the final All-Star run on Hamlin Bill Early's single through third base.

Forrester had scored Pearce's second run of the game in fourth inning on daring base running. He went to third on pitcher Bill McKinnery's infield out and rounded third. The All-Stars first baseman Louis Hayes made the mistake of throwing to third and Forrester barreled in home.

Hayes led the 7-hit All-Star attack with a double and single in three trips, while Ashley doled out singles to five separate Pearce batters.

Council to Issue Warrants for City Improvements

The Hamlin City Council passed a resolution Tuesday night at the regular Council meeting announcing the intention of the Council to pass an ordinance authorizing the issuance of interest bearing time warrants in the amount of \$101,000 to provide money for several planned projects within the City. The ordinance will be passed by the Council on August 2, 1963.

The money will be for the supervision, labor, material and supplies for sewer lift stations and force mains, for the construction of improvements of the City's waterworks and sanitary sewer system, for fire hydrants, for

constructing street improvements, and for engineering fees.

The warrants will bear interest rate not exceeding five per cent and the maximum maturity date to be not later than December 31, 1968. Mayor John V. Howard Jr. said Wednesday that the warrants will be issued only as they are

needed and they will not draw interest until that time.

In other action the Council voted to annex a half mile strip on the West side of Hamlin at the request of the majority of the property owners within the area. The land runs from West Lake Drive south to the Royston Farm to Market Road.

The Council accepted the low bid of Anderson Construction Company for the construction of a new pump station and pumps to be built in Stamford and the construction of a booster station at Tuxedo.

These installations were needed in order for the City to meet the demands on its water system and to replace the existing worn-out pumps now located at Stamford.

A breakdown on the projects and the amount of money designated for each to be covered by the warrants are as follows:

For the construction of improvements and extensions of the City's Waterworks System, not to exceed \$1,000. This is for the purpose of supply water lines to the new developments in the city.

For the construction and improvements and extensions to the City's Sewer System, including sewer lift station and force mains, not to exceed \$30,000. This includes the construction of two sewer lift stations, one in the South East part of town and the other in the South West part.

For providing fire hydrants in the City, not to exceed \$12,000.

For constructing street improvements in the City, not to exceed \$45,000. The Mayor pointed out that the amount of this money used will depend on the amount of paving done by the city's property owners since this money will be used to meet the city's share of the cost.

For engineering fees, not to exceed \$10,000. This is to cover the engineering costs for the above projects.

NEINDA PHILOSOPHER PUT OUT BY WASHINGTON OFFICIAL WHO FINDS FARMERS' HANDSHAKES ARE FLABBY

Editor's note: The Neinda philosopher on his Johnson grass farm on Routh one seems a little miffed this week, but he'll get over it.

Dear editor: While it never has bothered me, some farmers I've been reading about are worried over the public image they present to the rest of the country.

As I understand it, some city people think farmers are getting rich because the price of food at the grocery store is so high, and some farmers think they ought to hire a public relations outfit to correct this and tell the true story.

Well, I've never had much trouble along this line myself, don't ever recall having a city man come out here to this Johnson grass farm asking for a loan, not even a newspaper man, but there is one image of the farmer some people have that ought to be corrected.

According to an article I ran across in a newspaper last night, Interior Secretary Udall toured a farm area a while back and reported later he was shocked by the flabby handshakes of farmers.

This is what I'm talking about. Us farmers are still considered by some to be horny-handed sons of toil who're getting soft if we don't shake hands like a grizzly bear, whereas actually of course we're scientists producing food so fast that if the space scientists were up on our level the missile gap between Russia and the U. S. would be reversed. In fact, if our space scientists were as far advanced ahead of Russia as our agricultural scientists, we'd have already been to the moon twice and raised our debt ceiling four times to pay for it.

Now a farmer shakes hands and it's no index to the compli-

cated farm planning going on inside his head, and a farmer sitting on his front porch in deep thought can be constructive as an Einstein doing the same thing.

This is the image the public ought to have of us farmers—

dedicated, underpaid scientists, and I have pioneered in trying to bring it about. I've done my part. I've been sitting on my front porch for years.

Yours faithfully,
J. A.

Music Appreciation

I am not a musician, but as I write this I think back and realize how my taste in music has changed. Early in life, it took only the simplest childhood jingles to please me, then in school I was trained and taught to appreciate more intricate music. All through life I feel that my knowledge of... and appreciation for music has grown and matured.

Through study and help from others, I have also grown as a Christian and have a better appreciation of my Lord.

My knowledge of, and love for God increases with each church worship service... This way of life and worship, I would recommend to anyone. Won't you try it... Start by attending church this Sunday.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

It's the Wood that Counts

Rich redwood fibres are combined with white aspen to make the "No-Clog, Sta Fresh" filters the finest in the world. The weather resistant redwood eliminates that dank "fishy" odor and insures long filter life. "Sta Fresh" filters are constructed with strong coarse mesh outside to keep filter from clogging and provide minimum air resistance while the fine mesh inside eliminates insects and keeps wood fibres from protruding into cooler. "Sta Fresh" filters are exclusive with Paramount Coolers.

Internal Revenue Says the Sale of Farm is Taxable

The sale of a farm is taxable, says Arthur E. Fogle Jr., Administrative Officer at the Abilene office of Internal Revenue. Mr. Fogle points out

that farmers must pay tax on any gain on the sale of their farm or other capital items, even though they may turn around and use the money to buy another farm or similar item.

In a letter to County Agricultural Agents, the District Director of Internal Revenue in Dallas asked the County Agents to help IRS correct the erroneous thinking. The tax man advised farmers to check the tax consequences before they sell, trade, or swap.

Kirby Clayton, local County agent, has pointed out that farmers can get a good general idea of taxes owed by reading the farmers tax guide furnished free by the Internal Revenue Service.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN, Tex.—A growing toll of accidents on city streets and freeways, heavier damage claims and an act of the Legislature... all have combined to cause insured motorists in Texas a double-dip premium during the next five months.

First boost for most drivers will come on policies renewed after August 1, when new auto insurance rates set by the State Board of Insurance go into effect.

Many others face a second increase in liability insurance premiums after January 1. This is effective date of a new law requiring financial responsibility of \$10,000 per person and \$20,000 per per accident.

Present law requires \$5,000 \$10,000. So those now carrying minimum insurance will pay an average of \$4 more after January 1.

Increasing accident losses, mainly in urban areas, forced the Insurance Board to hike liability and collision rates in most sections of the state.

Average premium boosts after August 1 will be 5.2% for bodily injury 9.7% for property damage and 8.1% for collision. This will cost policyholders a total of \$12,000,000. Drivers in some rural areas, however, escaped the rate increase.

PHYSICAL EDUCATION—Atty. Gen. Waggoner Carr has been asked to come to the aid of hard-pressed physical education departments in the 20 state-supported universities and colleges.

Commission on Higher Education asked Carr for an opinion on the legality of the "rider" in the new appropriation bill, which goes into effect on September 1. Rider declares that state funds for physical education can be used only for mass calisthenics unless the students are majoring in P.E. Net effect would be special fees by the schools if they wanted to give instruction in games.

Some schools have protested that the rider would seriously curtail physical education programs.

JOBS ASSIGNED—Speaker Byron Tunnell has more than 60 appointments to make on interim study committees. He

... how to restore prosperity to the Texas oil industry.

Reps. Ben Atwell, Dallas; Dick Cory, Victoria; and David Crews, Conroe, will take up membership on the Committee on State and Local Tax Policy. Lt. Gov. Preston Smith has named Senators George Parkhouse, Dallas; W. T. Moore, Bryan; and Jack Strong, Longview. Balance of the committee will be composed of three citizens to be named by Governor Connally.

Reps. W. H. Miller, Houston; Myra Banfield, Rosenberg; Raleigh Brown, Abilene; Charles Scoggins, Corpus Christi; and John Traeger, Seguin, will investigate public school testing.

Rep. Bob Fairchild of Center has been named chairman of the House General Investigating Committee by Speaker Tynon Tunnell.

Other new members are Reps. Ben Barnes of DeLeon, Hudson Moyer of Amarillo, Bill Parsley of Lubbock and James Slider of Naples.

Previous investigating committee's probes ranged from alleged basketball games fixes to the East Texas slant-hole scandal.

MENTAL HEALTH—National Institute for Mental Health has awarded a \$302,000 grant to the State Hospital Board for research and training in mental health.

Houston State Psychiatric Institute received a grant of \$114,878 for research in early clinical drug evaluation.

Remainder of the funds went to Baylor University College of Medicine for various research projects.

AFL-CIO LOSES—A suit by State AFL-CIO leaders alleg-

ing improper lobbying activities by Texas Employment Commission members and four employees was dismissed in 53rd District Court at Austin.

Suit filed last February, claimed TEC pushed 11 phony bills in the Legislature. Judge Herman Jones said the union failed to prove its case.

Union said it would appeal the decision.

COTTON—Texas cotton farmers planted 670,000 fewer acres this year than in 1962, U. S. Department of Agriculture reports.

Decline amounted to 9.7%, which is more than the national decrease of 9.0% Reduction, made in compliance with the federal control program, would mean a cut of about 476,000 bales in the state's cotton production of yield-per-acre is the same as last year.

POLL TAXES—Folks who are past 60 and living in towns with 10,000 or more population should get their poll tax exemptions on October 1 or as soon as possible thereafter.

Exemptions for those over 60 are free under the old law, which will be in effect at least until November 9. That's the date for the vote on repeal of the poll tax as a voting requirement.

If Texans vote FOR the repeal, those over 60 who live in towns above 10,000 population then will have to pay a 25-cent registration fee. Ditto for all voters under 60.

Those past 60 who live in rural areas or in towns under 10,000 population will not be affected by the changes. They

can vote without paying under both the old and the new law.

The attorney general informed tax assessor-collectors that they must accept the \$1.75 poll tax payments, starting on October 1, from those who insist on paying rather than waiting to see if the change will be cut to 25 cents by the November 9 vote.

DISTRICT ATTORNEY—Governor Connally has appointed Calvin (Pete) Burnett of Crane to replace Dan Sullivan as district attorney of Andrews, Crane and Winkler Counties.

**Wayland Neeper
Is Reassigned**

LACKLAND AFB, Tex.—Airman Wayland E. Neeper, son of Mr. and Mrs. Basel E. Neeper of Rt. 1, Sweetwater, Tex., is being reassigned to Ft. Monmouth, N. J., for technical training as a United States Air Force photographer.

Airman Neeper, who enlisted a short time ago, has completed his initial basic training here.

The airman graduated from Newman High School, Sweetwater, in 1959, and attended the University of Houston (Tex.). He is married to the former Nancy Carter of Rt. 3, Hamlin. They have one child Cynthia Janell born July 12.

**Sue Cave Named
Fisher County
Dress Winner**

Sue Cave was first place winner at the annual Fisher County 4-H Dress Revue which was held Wednesday, July 10, in the Roby High School Auditorium. Twenty-four girls modeled garments made in recent clothing workshops for an assembly of about 70 members, mothers and guests.

Miss Cave will model her garment in the District III 4-H Revue in Vernon August 2.

Judges were Mrs. Mary Y. Newberry, Jones County H. D. Agent, and Mrs. Agnes Marrs, Kent County H. D. Agent.

**Free, White and 21
Coming Sunday**

In a unique motion picture theatre device, audiences seeing American International's provocative "Free, White and 21" will serve as a jury and be polled and asked to vote "Guilty" or "Not Guilty" just before the end of the film's big trial sequence.

Their verdict will be tallied and compared with the actual result of the rape trial which is predicted in "Free, White and 21", opening Sunday at the Drive In Theatre. Starring in the explosive film are Frederick O'Neal and Annalena Lund.

With audiences restricted to adults, every person entering the theatre at the beginning of "Free, White and 21" will be handed a "subpoena" outlining their instructions and containing a tear-off ballot so that their verdict may be registered.

The film will be interrupted immediately after the judge charges the jury so that the audience "jury" can cast a ballot of either "guilty" or "not guilty."

The actual verdict in the film's trial will then be screened so that the audience verdict can be compared with it.

**AND WE DO THIS TO
OURSELVES**

No war crippled this man—nor thousands more injured day after day in traffic accidents. For this highway butchery, only we ourselves are to blame. We disregard laws made to protect us. Nearly every accident grows out of some violation. And casualties mount! They will lessen only with your help. So drive with care. Obey the law. Insist that others do likewise. **Where traffic laws are strictly obeyed, accidents go down!**

Support your local Safety Council

WE MUST FACE THESE FACTS

Last year, traffic accidents injured 1,400,000—disabled them beyond the day of the accident. Millions more suffered the pain and misery of "minor" injuries. 150,000 were children, 5 to 14.

Last year, traffic accidents killed nearly 38,000! 2,500 were children of grammar school age. And this year an INCREASE in deaths is threatened!

How long must this go on? YOU—the men and women behind the wheel—can answer this. Because YOU are the No. 1 cause!

Published in an effort to save lives, in cooperation with the National Safety Council and The Advertising Council.

CONTESTANTS—Luke and Paul Reynolds, sons of Mr. and Mrs. Rex D. Reynolds; Gayla Bockmon, daughter of Mr. and Mrs. Don Bockmon; second row, Mark and Bobby Westmoreland, sons of Mr. and Mrs. Bob Westmoreland; Derrell Weatherman, son of Mr. and Mrs. Nate Weatherman.

MR., MRS. CLARENCE BAILEY HOST FIRST FAMILY REUNION

The home of Mr. and Mrs. Clarence C. Bailey, 318 Northwest Ave. A, was the scene of the couple's first family reunion as their four sons and three daughters all returned here July 6 and 7.

Also here for the special occasion were eight of their grandchildren, three great grandchildren, two of Mrs. Bailey's sisters, one niece, two nephews, one great niece and one great nephew. There were 36 present.

The group included Mr. and Mrs. Harry O'Rourke of Chicago, Ill., Mr. and Mrs. M. G. Torbett of San Diego, Calif., Mr. and Mrs. Clay C. Bailey and three children of Orange, Calif., Mr. and Mrs. Mark Bailey, Mr. and Mrs. Bill Fomby and son, Mr. and Mrs. Ray Bailey and two children, all of Odessa, and Mr. and Mrs. Ralph Bailey and son of Hamlin.

Also Mr. and Mrs. Don Eliff and their three children of Tulsa; Mrs. Maud Walker of Natchita; W. C. Walker of Austin; Mr. and Mrs. Roy Maltby of Fort Worth; Mr. and Mrs. James O. Cox of Elsinore, Calif.

Mr. and Mrs. Bailey, pioneer residents of Hamlin, were married March 25, 1917. She was the former Leona Davidson. Mr. Bailey came to Hamlin in 1906 and she came here about 1909. He is owner of Bailey's Department Store here.

THE HAMLIN HERALD

JULY 18, 1963

FAIRVIEW NEWS

By MRS. ELMER JOINER

About an inch of rain fell over the area Saturday night, making it just a nice cotton rain. All are hoping that it quits on that, for July rains make insects, and insects are something we don't need.

The Fairview church house and grounds has a spick and span look, as of this Monday morning. Plans were changed from Tuesday to Monday morning, and enough were there to get most of the work done. The yards were all mowed, shredded, hoed, or anything

to get the vegetation down, the building thoroughly cleaned inside, all in preparation for our coming revival, which begins August 9. Besides the cleaning, the men put tin all around the bottom of the house to keep any more varmints taking up winter abode in the house.

Mr. and Mrs. Flavel Holmes, Mr. and Mrs. Jack Wright, Mrs. T. T. Brady, Mr. and Mrs. Wayne Hodnett, Kay and Billy, all attended the wedding of Flora Ann Ratliff, in the

University Baptist Church in Abilene, Saturday night.

Mr. and Mrs. Mel Jones, Mr. and Mrs. Elmer Joiner, Mr. and Mrs. Winsom Gray and Buster, Mr. and Mrs. Doyal Bills and Jana, all attended the ball game in Hamlin, Saturday night, between the Hamlin girls soft ball team and a colored girls team from Snyder.

Mr. and Mrs. Gary Cooper, who recently moved to the Rose house, have moved back to Hamlin.

Mr. and Mrs. O. D. Roland, Hamlin, were Friday visitors of Mr. and Mrs. Fred Rosenbaum. Other visitors of the Rosenbaums over last week, were Mr. and Mrs. Billy Downey, John Robert and Glen, Reseda, Calif. Mr. Downey is a nephew of Mrs. Rosenbaum, and son of Otis Downey, former Hamlin resident, now living in California.

Arriving from Grants Pass, Oregon, Sunday afternoon, were Mr. Rosenbaum's niece, Mrs. W. A. Reese, her son, Gerald Reese, and his daughter.

Mrs. Elmer Joiner and Mrs. Sol Branscum attended the monthly H. D. Council meeting in Anson, Wednesday afternoon.

Mr. and Mrs. Doyal Bills and Jana left in the early hours of Sunday morning for their home in Houston, after spending their vacation with her parents, Mr. and Mrs. Finson Gray Sunday includ-

tives at different points on the Plains.

Mr. and Mrs. Jack Wright and Melinda went last Wednesday to Fort Worth, where they toured Texas under Six Flags, Thursday. Little Keenan stayed with Grandmother Holmes while they were gone and went to midweek church services.

Guests of Mr. and Mrs. Winsom Gray Sunday included his sister, Mr. and Mrs. Charlie Pyron, their son, Mr. and Mrs. Clovis Pyron.

Mrs. Georgia Thornton, Stamford, was a guest Thursday afternoon of Mr. and Mrs. E. A. Henry.

Mrs. Shariot Gabriel, Teresa, Lynn, and Linda Goodwin, all went to Abilene Monday on business and visiting.

Mr. and Mrs. Buck Joiner, Jerry and Suzan were guests of his parents Sunday. Mrs. Joiner and children had been at her parents, Mr. and Mrs. C. E. Durham all week, Buck came for her over the week end to return home to Odessa.

Mr. and Mrs. Henry's granddaughter, Mr. and Mrs. Mack Sansing and baby, spent the night again Saturday night with them, enroute home to Austin, after being on vacation.

We failed to learn last week that Connie Drake and sisters, Della and Maude, went to Eastland the Sunday before, to attend the Drake reunion.

The Drake family reports lots of company last week. Those visiting different days through the week were: Mr. and Mrs. Audrey Bush, Texas City, Mrs. Viola Woodruff, Vivian, Texas, Mr. and Mrs. Gil Walker, Rising Star, and Mr. and Mrs. J. S. Scott, Albany, and Mrs. Eula Gallehon, of Whittier, Calif.

Jimmy Jeffries, a resident of Lubbock, was a visitor in church Sunday morning, coming as a guest of Penny Ford.

The Riddle family went to

Buffalo Gap Sunday to attend the Riddle reunion.

Ray McCoy returned home with the Buck Joiners, Sunday afternoon, to spend the week with her cousin, Suzanne McCoy, of Midland.

We wish to remind all who read this again of our coming revival, August 9 through the 18, and invite you to attend. Our pastor, Rev. Kenneth Leverett, will do the preaching, since it has always been the custom of our church for the pastor to hold the revival, his first year as pastor. Rev. Leverett is very concerned with his work and if he hasn't visited with those in our community, hopes to do so in the near future.

Mr. G. W. Wainscott was brought home from the convalescent home in Stamford, Friday night to spend some time. Today, Monday, is his 93rd birthday and we are sure he will enjoy spending it at home with his children that are able to be there.

THE DEPENDABLES FROM DODGE!

IF YOU'D LIKE TO DRIVE A GREAT BARGAIN

BE OUR GUEST

The car shown above is a '63 Dodge Polara hardtop, a beautiful bargain if there ever was one—a good reason why Dodge sales are up 65.5% so far this model year. For one thing, the Polara is priced with Ford and Chevy. For another, it's backed by a five-year/50,000-mile warranty.* And to seal the bargain, Dodge Dealers are giving the best deals in their history. So be our guest and come drive this bargain. The '63 Dodge. At your Dodge Dealers now.

*Your Dodge Dealer's Warranty against defects in material and workmanship on 1963 cars has been expanded to include parts replacement or repair without charge for required parts or labor for five years or 50,000 miles, whichever comes first, on the engine block, head and internal parts; transmission case and internal parts (excluding manual clutch); torque converter; drive shaft; universal joints (excluding dust covers); rear axle and differential; and rear wheel bearings—provided the vehicle has been serviced at reasonable intervals according to the Dodge Certified Car Care schedules.
